Dy-Mark PROTECH® Air Duster

Dy-Mark PROTECH® Air Duster is a dry, multi-purpose cleaner for the safe removal of dust and lint from all delicate precision equipment. It has a powerful burst of compressed gas which will remove dirt without any abrasion risk. It is non-corrosive and leaves no residue or condensation. Ideal for off-site servicing when compressed air not available.

DIRECTIONS FOR USE

Recommended Uses:

Circuit boards, precision electronic equipment, keyboards, cameras, telephones, printers, videos and other uses.

Application

De-activate and isolate equipment before use. Do not use on Energised equipment. Spray can in UPRIGHT position only. Do not shake can during use. Spray can in short bursts. Spray onto surface from a distance of 15-20cms. Use extension tube for hard to reach areas.

TECHNICAL DATA

Size: 235g Aerosol Colour: Clear

Consistency: Colourless liquefied gas

Propellant: HFC 152A (1,1 – Difluoroethane)

STORAGE

Store below 50C. Do not store in direct sunlight or in vehicles under hot conditions.

DISPOSAL

Aerosol should be completely emptied prior to disposal. Contents under pressure. Do not puncture or incinerate, even when empty.

SAFETY INFORMATION

HIGHLY FLAMMABLE

Keep away from flame, heat and sources of ignition. Do not smoke and ensure adequate ventilation during use. Harmful by inhalation, in contact with skin and if swallowed. Intentional misuse by deliberately inhaling contents can be harmful or fatal.

FIRST AID

KEEP OUT OF REACH OF CHILDREN

If swallowed: Do not induce vomiting.

Eye Contact: Rinse immediately with plenty of water. Seek medical advice from your doctor or Poisons Information Centre (Australia: 13 11 26; New Zealand: 0800 764 766).

Note: the information provided within this Technical Data Sheet is intended as a guide only. The performance of this product will depend on many factors outside the control of Dy-Mark; including surface type and environmental conditions. Refer to Material Safety Data Sheet for more information.
