

## HeartSine Samaritan 500P Defibrillator

## Defibrillators

### Code: RD500

- Public Access Defibrillator with world leading CPR Advisor
- Defibrillation is easy, CPR is the hard part...The HeartSine samaritan® PAD 500P provides all the advantages of the 300P with the addition of an innovative CPR advisor. Regardless of whether it is a lay person or a professional rescuer, the AHA/ERC guidelines place a greater emphasis on the importance of CPR and advocate the prompt initiation of effective bystander CPR to significantly reduce mortality due to out-of-hospital Cardiac Arrest.
- HeartSine can now provide a device to support these guidelines by the introduction of the HeartSine samaritan PAD 500P with CPR Advisor.
- Easy-to-follow Visual and Voice Prompts
- Built-in confidence. The samaritan PAD 500P uses an Impedance Cardiogram (ICG) to assess the effectiveness of the CPR.
- User-friendly. Easy-to-understand visual and voice prompts guide a user through the entire process.
- Always ready. A System Status Ready Indicator flashes to show that the complete system is operational and ready for use. Device automatically runs self check each week.

## HeartSine Samaritan 500P Defibrillator

## Defibrillators

### Code: RD500

- Durable. The samaritan PAD 500P resists shock and vibration and carries an IP56 Rating, the industry's highest rating against dust and moisture ingress. It also carries a 7-year unit warranty.
- Advanced technology. The samaritan PAD 500P utilizes proprietary electrode technology, advanced and stable firmware, and proprietary SCOPE™\* Biphasic Technology (an escalating and low-energy waveform that automatically adjusts for patient impedance differences) to assess rhythm and recommend defibrillation if necessary.
- Real Economy for the Real World. Two parts, one expiration date. Pad-Pak™ cartridge combines battery and electrode pads, with one expiration date to monitor.
- Low cost of ownership. Cartridge has a shelf life of 4 years from date of manufacture, offering significant savings over other defibrillators that require separate battery and pad units.
