

GFPRMX30

Evolution Cut 5

RIGGERS GLOVE

Features

- ▲ Only premium hides are selected and used in this glove to ensure the most soft and supple finish possible
- ▲ 4 Way Spandex is used in this glove construction allowing complete hand movement and flexibility
- ▲ The unique TPR structure on the back of hand provides armoured protection against impacts, scrapes and knocks for the wearer
- ▲ Fast fit cuff for convenience
- ▲ Contact Heat Level 2 under EN388:407
- ▲ Perfect form, fit and comfort is achieved through Force360's unique knit pattern that mimics a 'hand at rest', minimizing hand fatigue
- ▲ Only selected materials that allow air flow are used to ensure 360 degree air circulation and enhanced breathability
- ▲ UPF50+ offering maximum sun protection
- ▲ Reinforced double stitching for increased durability
- ▲ The ID area allows the wearer to mark their gloves with their name for easy ownership recognition or add an issue date for usage monitoring

Standards & Certification

Force360 recognise that without product certification by a Notified Body all product performance testing, and adherence to standards claims cannot be independently verified. If they are not as claimed, serious safety implications for the wearer, and legal implications for the supplier and even the employer may arise. Force360 source their entire range of Mechanics hand protection from a single manufacturing partner to ensure consistency and reliability of product, but most importantly Force360 have taken the further step of engaging a globally recognised Notified Body to audit and certify both the manufacturing process and the products. All of Force360's hand protection is certified to the latest AS/NZS hand protection standards.

Sizing & Fit

Available Sizes

- GFPRMX30.S Small
- GFPRMX30.M Medium
- GFPRMX30.L Large
- GFPRMX30.XL X Large
- GFPRMX30.2XL 2X Large

Dexterity Level

Maximum Dexterity Level 5
 Certified under AS/NZS 2161.2:2020

GWORX30

Key Technologies

360° Breathability

Keeping hands cool is critical for comfort and improved wearer compliance. Only selected materials that allow air flow are used to ensure 360 degree air circulation and enhanced breathability.

4 Way Spandex

Force360 only uses 4 Way Spandex in its glove construction allowing complete hand movement and flexibility.

Reinforced Wear Points

Force360 gloves last longer due to a double layer fabric coupled with double stitching reinforcement in high wear areas.

Select Leather

Only premium select hides are used in this glove to ensure the most soft and supple finish possible.

ARMOUR

The unique TPR structure on the back of hand provides armoured protection against impacts, scrapes and knocks for the wearer.

Reach Compliance

Required Safe pH Level

Certified under AS/NZS 2161.2:2020

AZO Dye and Irritant Chemical Free

Certified under AS/NZS 2161.2:2020
