

Tradies Pack Earplugs

Features & Benefits

- The ergonomically shaped disposable earplug is characterised by very high sound absorption levels, making it suitable for use in very loud environments
- The foam earplug has a sealed surface, preventing foreign bodies from penetrating the plug. The soft foam offers real comfort, even when worn for extended periods
- Class 5 protection with SLC80 rating of 26dB
- Tapered design for easy fit
- Soft polyurethane for maximum comfort
- Certified to AS/NZS1270:2002

Applications

- Agriculture and Forestry
- Chemical
- Construction
- Fire Protection
- Manufacturing
- Medical
- Military
- Mining
- Municipal Services
- Oil and Gases
- Steel and Metals
- Transportation
- Welding

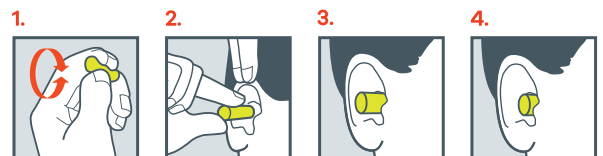

Product Details

Product Code: HEU660
 Dispenser Qty: 100 pairs
 Carton Qty: 40 dispensers

Standards

Fitting Instructions

1. Before using ear plugs, ensure hands are clean. Roll ear plugs between fingers to compact foam.
2. Pull top of ear up and out while inserting earplug. This straightens out the ear canal. Insert ear plug as far as possible into the ear canal. Hold for approx 60 seconds to allow foam to expand.
- 3&4. When ear plugs are inserted correctly the top of the ear plug should be as per fig 4. To test fit cup both hands over your ears. When you pull them away you should notice a significant difference in noise levels. If unsure consult your safety officer.
