

## TECHNICAL DATA SHEET

### SECUMAX POLYCUT NO. 85000

#### Safety technology

#### Concealed blade – a maximum degree of safety

The SECUMAX POLYCUT blade is not an open one, but is hidden from people and goods. This provides you with the highest degree of safety from cut injuries and from damage to goods.

DISPOSABLE SAFETY KNIFE WITH CONCEALED BLADE, ESPECIALLY FOR CUTTING FOIL AND PAPER.

**Order No.** 85000.00

#### **Pokes its nose into everything.**

The SECUMAX POLYCUT is another of our small, plastic disposable cutters. Not to be overlooked, this cutter is a proud member of our product range. Its extra-long and pointed nose makes it very special indeed. Try using it to open a letter. Or to cut foil bridging a narrow channel. The SECUMAX POLYCUT makes tasks such as these a breeze. That this tool is comfortable to use goes without saying.

#### **It's all protected**

The quality blade is safely embedded between the nose and the handle. So it only cuts what you really want to cut. And there is no risk to your goods while doing so.

#### **No blade change**

The SECUMAX POLYCUT is a disposable cutter. Since you do not have to change the blade, neither you nor your staff can come into contact with it. An additional benefit as far as safety is concerned.

#### **Long, pointed nose**

Why the extra long and pointed nose in the SECUMAX POLYCUT? Because you can place it particularly well in the spaces in between. The cutting material is also led to the blade in a much more reliable way.

## SECURITY ADVICE

To ensure that you use your new MARTOR knife safely and most effectively, please read and note the following user-instructions. Please keep the written guide in a safe place so that you can access it at any time.

**1. Usage advice:** Please use the product carefully for described work only and not for any purposes other than those that are intended. Please take the correct handling and the proper use of the cutting tool into account in this regard.

**2. Special application Instructions to avoid the danger of injuries:** Only use cutting tools that are in perfect condition and have sharp, clean and undamaged blades. Employ the utmost care when handling the knives. CAUTION: The blade is sharp and can result in serious and deep cuts. Therefore, never reach into the blade! To reduce the danger of injuries, hold the hand that is being used to restrain and stabilise the

cutting base in such a manner that the restraining hand or even other body parts are not endangered in the event that the knife slips. Do not modify this product in any way. Modifications of any kind may impair product safety. CAUTION: The risk of injury caused by manipulation of this product is extremely high. When both cutting edges are no longer sharp, dispose of the knife as general waste.

**3. Non-use of the knife:** Store the knife in a secure place.

**4. Care instructions:** Always keep the knife clean and do not expose it to unnecessary humidity to safeguard a long service life.

**CAUTION: No liability will be assumed for consequential losses. Subject to technical changes and errors! This knife does not belong in the hands of children!**
