RAID Cockroach Baits 12 Pack

Raid® Cockroach Baits

Kills Cockroaches you see and those you can't see for up to 3 months while bait remains.

Benefits

- Fast Killing
- Kills cockroaches you see and those you can't see for up to 3 months while bait remains
- Child resistant Bait Station

Use Instructions

HOW TO USE: - Separate bait stations apart from the plastic frame. - For thorough cockroach control, it is recommended that all 12 bait stations be used at the one time. (German cockroaches - use 12 baits for a 3m x 3m area, American cockroaches - use 4 baits for a 3m x 3m area). - For best results, place the baits label side down in all warm, dark, moist areas where cockroaches prefer to hide. Be sure to place next to the wall along skirting board, in corners, under sinks, under the fridge, under the stove, in cabinets and near plumbing fixtures. - Bait stations work best on horizontal surfaces touching corners and walls. - Cockroaches will begin eating the bait immediately and you should expect to see fewer cockroaches within days. - For heavy infestations, use Raid Cockroach Baits in conjunction with any Raid Crawling Insect Killer Aerosol. - Replace all baits 3 months after usage begins. Cut out special calendar and place in a convenient location, like on your calendar or your refrigerator.

Precautionary Statement

CAUTION: DO NOT remove bait from container. DO NOT allow bait to contact food. DO NOT place bait on surfaces where food is being prepared or on utensils that are for food preparation. Wash hands after use.

ESSENTIAL SAFETY: Rinse skin or shower with water. IF SWALLOWED: Rinse mouth. Do NOT induce vomiting. If skin irritation occurs: Get medical advice. If eye irritation persists: Get medical advice. In case of fire: Suitable extinguishing media are carbon dioxide, dry chemical, foam, water fog.

FIRST AID: If poisoning occurs, contact a doctor or call the poison control center (Australia 13 11 26; New Zealand 0800 764 766).
